

Mohamed Hanno

Chairman, Alexandria Business Association (ABA)
Partner and Managing Director, Arab Computers SAE

Mr. Hanno is the Chairman of Alexandria Business Association (ABA) and has previously served the association as Vice Chairman and Treasurer. As the head of ABA's Advocacy Committee, he was responsible for the issuance of ABA's private sector business index 'ISLAH' and the Micro Enterprises Reform Index. Mr. Hanno has also served as Chairman of ABA's Microfinance Project's advisory board.

In 2013 Mohamed was elected as Chairman of Alexandria Software and IT Assoc. an organization that aims at supporting and developing the IT industry in Alexandria.

Mr. Hanno has more than thirty years of experience in the IT field and is the Managing Director and founder of Arab Computers, Alexandria's leading IT systems supplier. His earlier experience includes working for a US IT company in Silicon Valley in addition to working for one of the leading system integrators in Egypt before starting his own company.
